## Become a sponsoring partner for the 2nd International Congress of Animal Physiotherapy

The Swiss Association for Animal Physiotherapy SVTPT organizes the hybrid international congress in animal physiotherapy.

This will take place from 7th to 9th June 2024 in the atmospheric Hagerbach Test Gallery in Flums.

With the sponsorship you have the chance to attract the attention of our congress participants.

### Why a sponsorship is worthwhile for you:

- The congress is mainly attended by veterinarians, animal physiotherapists and animal keepers. With your contribution you increase your visibility in this valuable network.
- The congress has a large multiplier effect. The specialists and interested parties carry the qualified knowledge in their professional and private everyday life. This offers you the chance that the participants will also keep you in positive memory in the long term.
- The SVTPT is an established association known for its very high quality standards. Of course, you also benefit from this professionalism.
- The format of the congress is unique and rarely takes place. Take the opportunity to draw attention to your company.
- With your financial commitment you promote animal health and give animal physiotherapy the space it deserves. In the end, many animals benefit from this

Your social commitment will not only attract attention, but will also be greatly appreciated, because your sponsorship will benefit many animals. With your contribution you actively support animal health; from prevention to therapy.

In addition, with your decision to be a sponsoring partner, you contribute to the professional development of animal physiotherapists, veterinarians, and pet owners.

We thank you in advance for your financial and material support or look forward to meeting you in person.

Kind regards

SVTPT  
Swiss Association of Animal Physiotherapy  
Brigitte Stebler  
President
