## Become a sponsoring partner for the 3rd International Congress for Animal Physiotherapy

The Swiss Association for Animal Physiotherapy (SVTPT) is organizing a hybrid international congress on animal physiotherapy.

It will take place from **June 5 to 7, 2026**, at Horse Park Zurich in Dielsdorf.

Sponsorship gives you the opportunity to attract the attention of our congress participants.

### Why sponsorship is worthwhile for you:

- The congress is mainly attended by veterinarians, animal physiotherapists, and animal owners. Your contribution will increase your visibility in this valuable network.
- The congress has a significant multiplier effect. The professionals and interested parties carry the qualified knowledge into their professional and private lives. This offers you the opportunity to make a lasting positive impression on the participants.
- The SVTPT is an established professional association known for its very high quality standards. You will also benefit from this professionalism.
- The format of the congress is unique and rarely takes place. Take advantage of this opportunity to draw attention to your company.
- With your financial commitment, you will promote animal health and give animal physiotherapy the space it deserves. Ultimately, this will benefit a great many animals.

Your social commitment will not only be noticed, but also greatly appreciated, as your sponsorship will benefit many animals. With your contribution, you are actively supporting animal health: from prevention to therapy.

In addition, your decision to become a sponsoring partner contributes to the professional development of animal physiotherapists, veterinarians, and animal owners.

We thank you in advance for your financial and material support and look forward to meeting you in person.

Kind regards
