

Florence is a human and animal physiotherapist. She achieved her postgraduate Diploma & Master in Veterinary physiotherapy at the University of Liverpool.

Florence is working as an Animal Physiotherapist at the small animal clinic of the university of Bern, Switzerland. She was working as a Sled dogs Guide in Muonio, Finland from 2011 till 2013. She is very enthusiastic for these dogs and the sport.

That explains as well her publication:

Pittet, F., McGowan, C.M. & Hyytiäinen, H.K, 2021. The effect of a traditional and stick gang-line on the body position of working sled dogs, Comp. Exerc. Physiol, 17(3), pp. 285-294.
